# **HEAT PRESSES**

## **Hobby Lite**

The 9"x12" (swingaway) Hobby Lite is an affordable heat transfer machine designed with the Hobbyist in mind. Weighing only 23 pounds, the Hobby Lite heat press is the most mobile press on the market. The Hobby Lite has a 9"x12" heat platen that swings away from the work area, giving you a safe work environment for placing transfers on a multitude of substrates.

**SKU: HOBBYLITE** 

#### HT-600P

The HT-600P sets the standard in the manual heat press industry because of its ruggedness, durability, and years of trouble free performance. The HT-600P has 16"x20" heat platen that can apply all types of transfers on items up to 1/2" thick. The floating lower platen helps provide even pressure on thicker items and the new handle design provides 20% more pressure over the straight handle design.

SKU: HT-600P

#### **JetPress 12**

The JetPress 12 features a 9"x 12" Heat Platen, Digital Countdown Timer w/ alarm. Adjustable height for items over 1" thick and adjustable Temperature control (over 400°F). Accurate Temperature gauge, smooth swing away action, solid steel welded frame, silicone pad pressing surface, heating indicator light, modular cord & plug.

#### **JetPress 14**

The JetPress 14 features a 12" x 14" Heat Platen, digital Countdown Timer w/ alarm. Adjustable height for items over 1" thick and adjustable Temperature control. Accurate Tempertature gauge, industrial style clamping & locking pressure w/ minimal operator effort, smooth swing away action, solid steel welded frame, silicone pad pressing surface, heating indicator light, modular cord & plug, heating indicator light

## Digital Knight 14 x 16 Clamshell

A mid-sized clamshell, the 14x16 DK16 opens for full access to the lower bottom table. This press is the lowest cost solution for a business grade heavy-duty Digital heat press machine. The frame support allows operators to slide shirts over the table with complete drape space around and underneath the loading area. Interchangeable bottom tables for smaller pressing areas are available.

SKU: DK16

## Digital Knight 16 x 20 Clamshell

The 16x20 DK20 opens for full access to the lower bottom table. The frame support allows operators to slide shirts over the table with complete drape space around and underneath the loading area. Interchangeable bottom tables for smaller pressing areas are available.

## Digital Combo 14 x 16

The Digital Combo multipurpose swing-away heat press comes standard with a 14"x16" heat platen and lower table. The interchangeability of the Digital Combo is performed quickly and safely. If your product offering is going to reach beyond just flat & fabric items, the Digital Combo is the superior heat press machinery solution. The Digital Combo press allows for pressing over 2" thick products.

SKU: DC16
