

# ColorPrint™ Easy

To say that ColorPrint™ Easy is a breeze to weed is an understatement! ColorPrint Easy is hands down the easiest weeding print and cut material ever! Simply print and cut your design, weed the excess with ease, and mask. ColorPrint Easy doesn't even require a squeegee! Simply lay your design onto the mask - and swipe firmly with the palm of your hand to adhere. It doesn't get any easier than that! Peeling the carrier is a snap too. ColorPrint™ Easy applies at only 300° F, which gives you the ability to apply to special materials that require a lower application temperature.

**Specifications:**

- PU Composition
- Polyester backing
- Semi-Gloss finish
- 3.1 Mil
- Recommended 45° blade
