

PRINT / CUT DIGITAL MEDIA

The ONLY Way to Print FULL COLOR on Garments!

Full color logo printing for application on any fabric. There's a ColorPrint printable heat transfer material for every type of application on any fabric - even leather! Available in glitter and a wide variety of other special effects that can't be duplicated by any other decorating method. Use your print/cut system ColorPrint materials and a heat press to decorate any garment. Designed for use with eco-solvent, solvent, and thermo resin printer inks. Siser ColorPrint Mask is required.
