

Metallic

Siser's Metallic Heat Transfer Vinyl material is great for adding the look of metallic gold, silver, red or black to any garment. These aren't your typical metallic finishes, Siser Metallic gives the shiny look of a colored chrome. Perfect for any design that needs to stand out in a crowd! Please note that Metallic is a unique product and that cracking and delamination may occur after washing. The results are not predictable.

Adheres to:

- 100% Cotton
- 100% Polyester
- Poly / Cotton blends
- Leather
- Sublimated Polyester

Specifications:

- PET Composition
- Pressure sensitive carrier / backing
