ColorPrint™ Glitter

ColorPrint™ Glitter is a unique, white digital print and cut material for full-color printing that adds the bold look of sparkly glitter! This is a white material with flakes of glitter built in. ColorPrint™ Glitter is excellent for small designs and detailed logos and is compatible for use with Eco-Solvent, Solvent, Latex, and thermo resin (Gerber Edge) inks. The glitter / bling trend is huge and if your next design calls for something unique, ColorPrint™ Glitter just might be the answer you're looking for!
