SUNGUARD THREAD
UV Bonded Anti-Wick Polyester

SUNGUARD has a custom color line to match 36 of the most popular acrylic fabrics in the awning-marine industry today. SUNGUARD is twisted and bonded through a state-of-the-art bonding and dyeing process, to ensure the highest quality of colorfastness and performance. Every SUNGUARD product is manufactured to meet anti-wick standards, which reduces seam leakage. Each production lot is tested to meet or exceed Quality Assurance standards.

AMERICAN KEDER WELDED FLAP

Keder is specifically designed for use in outdoor tensile structures where strength and resistance to elements is crucial. Keder is a unique construction of heavy duty polyester-coated fabric welded to a cord of solid PVC material, resulting in a very strong, flexible and slippery track welting that slides and effortlessly bends and curves.

- Extremely strong and flexible!
- Effortlessly bends and curves with ease!
- Resists most elements that would normally damage regular welded flaps.
- Meets NAFTA requirements for duty free entry into Canada and Mexico.
- Available in 7.5mm or 8.5mm core welded diameters.
- Available in White or Black.
- Available in **110 yds and Cut Yardage!**
