

HEAT PRESSES

FOR THERMO TRANSFER TEXTILES

Compatible with ALL GeoKnight Heat Presses!

*DK3

Geo Knight's DK3 Digital Mug Press is a specialty press in the Digital Knight line of presses; exclusively for pressing mugs. This press is a full wrap-around, handle to handle, top-to-bottom printing mug press. It can press images up to 5" high, and as close as 1/2" from the handle, depending on the mug size.

*DK7

Geo Knight's DK7 Cap press is a fully functional cap press for printing the front face of any sized headwear. The DK7 has a unique hold-down device that pulls the rear strap of the headwear down against the pressing surface, holding the cap in place. The DK7 accepts different sized interchangeable tables for accommodating youth & child sized caps, fitted and low profile caps, and many other items.

DK16

Geo Knight's mid-sized clamshell, the 14x16 DK16 opens for full access to the lower bottom table. This press is the lowest cost solution for a business grade heavy-duty Digital heat press machine.

DK20**

Geo Knight's largest clamshell, the 16x20 DK20 opens for full access to the lower bottom table. This press is ideal for environments with space limitations, and for users who need more portability and mobility than the over-weight swingaway presses.

****Twin Station Upgrade Option Available!**

DC16**

Geo Knight's Digital Combo multipurpose swing-away heat press comes standard with a 14"x16" heat platen and lower table. (The DC8 6"x8" label size is also available).

****Twin Station Upgrade Option Available!**

JP12

Geo Knight's JetPress12 is a lite duty, low-cost, economical swing away heat press. Intended for start-ups, home use and noncommercial, hobby-oriented transfer printing. Ideal for ink-jet, color laser copier/printer & sublimation iron-on transfers.

JP14

Geo Knight's JetPress 14 Heat Transfer Machine is a heavy duty, low-cost, economical, portable heat press. Intended for start-ups, home use, and noncommercial, hobby-oriented transfer printing. Ideal for ink-jet transfer paper, bubble-jet transfer paper, laser transfer paper, copier & sublimation iron-on transfer paper.

Visit the Geo Knight & HIX Web Sites Listed Below for a Full List of Heat Presses Available at NEPCO!

HOBBYLITE

HIX's 9"x12" (swingaway) Hobby Lite is an affordable heat transfer machine designed with the Hobbyist in mind. Weighing only 23 pounds, the Hobby Lite heat press is the most mobile press on the market.

HT-600P

HIX's HT-600P has 16"x20" heat platen that can apply all types of transfers on items up to 1/2" thick. The floating lower platen helps provide even pressure on thicker items and the new handle design provides 20% more pressure over the straight handle design.
